## Naming the Plagues

We remove a drop from our cups at the mention of the plagues. Removing wine reminds us that our freedom came at the same time as terrible misfortunes were visited upon the Egyptians. The ten plagues are:

(For each plague from the story, somebody mention a modern day problem in our society)

Dom (blood), Tzfardaya (frogs), Keeneem (lice), Orov (flies), Dever (cattle disease), Shcheen (boils), Barad (hail), Arbeh (locusts), Choschech (darkness), Makat bchorot (slaying of the first born)

(What are some possible lessons of the plagues?)
