Fill the fourth glass of wine

We now fill a glass, and open the front door, to invite the prophet Elijah to join our seder.

Open the door for Elijah

This tradition symbolizes the hope that Elijah will return to herald the coming of a messiah and a new era of peace. Yet for now the tasks of saving the world must be taken up by us mere mortals, by common people with shared goals. Working together for change, we can bring about the improvement of the world, tiqqun ha-olam - for justice and for peace, we can and we must.

Everyone: L'Tiqqun Olam!

Drink the fourth glass
