The Plagues: Why are the plagues so special. They are we rejoice from them because if we didn't have the plagues who knows if we didn't have the plagues we could still be slaves in Egypt with the whips and marks on ur backs. Although we rejoice in our rescue we have to be sad that humans had to suffer. Therefore we take from our 2nd cup {which we will be drinking after Dayenu} and dip our pinky and put the drops on a napkin/plate {what ever you use} 13 times 10 for all the Macot and 3 for **ב"ב אה"ב** Each letter stands for a Maca for Example Daled for Dam Tzadi for Tzphardah and so on and so on. -Rachel Rubinsten
