We all have a role to play in bringing about a new era. We look to our own actions and to the actions of others. To each of one of these actions we say:

*"Amen, may it continue to be so."*

## MAY IT CONTINUE TO BE SO:

To those who follow the example of Abraham and show love, generosity and welcome, to the lost, the lonely, the sick, the poor, and even to the parts of themselves they don't like, we say: All recite: Amen, may it continue to be so.

- 1 To those who treat all living creatures, starting with themselves and including planet earth, with respect and caring, we say:

*All speak:* Amen, may it continue to be so.

- 2 To those who give charity, who help others to find work, who help others to find mates, we say:

*All speak:* Amen, may it continue to be so.

- 3 To those who speak out for justice even when all around them there is just silence, we say:

*All speak:* Amen, may it continue to be so.

- 4 To those who work to strengthen and build community, we say:

*All speak:* Amen, may it continue to be so.

- 5 To those who follow the example of our first foremother, Sarah, and practice the lesson of boundaries: remembering that "yes" has no meaning if you cannot say "no," - and then say "yes" and "no" as appropriate, we say:

*All speak:* Amen, may it continue to be so.
