If we were to end a single genocide, but not stop the wars that kill people as we sit here.

it would not be sufficient

If we were to end those bloody wars, but not disarm the nations

it would not be sufficient

If we were to disarm the nations, but not prevent some people from starving while others wallowed in luxury

it would not be sufficient

If we were to make sure that no person starved, but we were not to free the daring poets from their jails,

it would not be sufficient

If we were to free the poets from their jails, but not train people's minds so that they could understand the poets,

it would not be sufficient

If we were to educate all the people to understand the poets, but not teach the people to share in the community of human kind.

It would not be sufficient!
