## Four Cups Of Wine

Many people wonder why we drink four cups of wine on Passover. Well there are many reasons. First of all wine is a royal drink that symbolises freedom. So it seems appropriate to drink it on Passover because they became free. Also g-d convinced the Jews that they should leave Egypt using four statements, 1 I shall take you out, 2 I shall rescue you, 3 I shall redeem you, and 4 I shall bring you. That is part of the reason why we drink four cups on passover.
