

The 10 Plagues

Contributed by

Source:

Why are the plagues so special. Whats so special the Egyptians could make their staffs turn into snakes and water turn into blood, whats the reason behind the plagues being amazing. The reason behind the Plagues being so special is because we rejoice from them because if we didn't have the plagues who knows we could still be slaves in Egypt with the whips and marks on are backs. Although we rejoice in our rescue we have to be sad that humans had to suffer. Therefore we take from our 2nd cup {which we will be drinking after Dayenu} and dip our pinky and put the drops on a napkin or plate 13 times 10 for all the Macot and 3 for דצ"ג עד"ש בא"ב Each letter stands for a Maca for Example Daled for Dam Tzadi for Tzphardah and so on and so on
