We comfort and mourn those whose blood has been spilled.

We stop infestations of hatred and fear.

We overcome the sickness of racism and bigotry.

We fill the air with voices for change.

We bring light to those who live in the shadows.

We inspire the next generation to carry on the struggle for a better world.

We appeal to all people to act with humanity.

We protest the proliferation of violence.

We tend to those who suffer from disease.

We respond to storms and disasters that claim lives.
