Bedikat chametz, or the hunt for chametz, is a wonderful ritual to try out with your family the night before Passover. In this short how to video, Piera and Josh explain how they set up a scavenger hunt for their young child and why it's a meaningful part of Pesach for their family. Anyone can do this ritual...and it's lots of fun to play hide and seek with bread or cheerios or whatever chametz you may have on hand. Plus, the next day you get to burn it!
