*Host:*

These are the Ten Plagues which Yahuah brought upon the Egyptians, namely as follows:

*All:*

*When saying the ten plagues, spill from the cup itself ten times, as stated above (and when spilling, again have in mind what was said above). The wine remaining in the cup (will have become 'wine that causes joy,' thus) is not to be spilled, but other wine is added to it [to refill the cup].*
