

Elijah's Cup?

This cup is not for Elijah. Elijah knows he is welcome here. We welcome him in our traditional seders, and we sing Eliyahu Hanavi throughout the year. This cup is for the queer Jew who has not yet found this community. They may not know they are queer yet. They may not know that there are out and proud and healthy queer Jews. They may know we exist, but haven't build up the courage to attend an LGBTQ seder yet. So this cup is for them. Let all who are hungry come and eat, and let our doors always be open for those that need this community.
