The Passover table already has salt water to symbolize our ancestors' tears, so PJ Library wants to help you avoid shedding actual ones when figuring out how to lead your own seder.

With that in mind, please enjoy our Step-by-Step Seder video playlist. In each brief video, the great Shira Kline shows you how to lead one of the fifteen steps of a seder.

Follow along with the PJ Library Family Haggadah – which you can download for free – using its short, sweet cheat sheet.
